

25 Point Fireground Command Health Check-up[©]

- | | | |
|---|-----|----|
| 1. There was one, clearly defined IC at all times during the fire. | Yes | No |
| 2. IC was passed only when necessary and only after a briefing. | Yes | No |
| 3. IC (or a designee) completed a 360 degree size-up of the incident. | Yes | No |
| 4. IC refrained from performing firefighting/tactical duties. | Yes | No |
| 5. IC remained far enough from the building that ensured a big picture view. | Yes | No |
| 6. IC developed and communicated an appropriate strategy. | Yes | No |
| 7. IC gave assignments to companies and coordinated fireground activities. | Yes | No |
| 8. IC maintained accountability of personnel (location, crew size, actions). | Yes | No |
| 9. Incident communications were clear and concise. | Yes | No |
| 10. Additional resources were called using a pre-established system of notification. | Yes | No |
| 11. Tactics were properly matched to the size of the fire (i.e., big fire=big water) | Yes | No |
| 12. IC maintained a broad perspective of the overall incident. | Yes | No |
| 13. IC was able to think ahead of the fire (predict where the fire was going). | Yes | No |
| 14. Radio traffic was disciplined and manageable. | Yes | No |
| 15. Someone was assigned to monitor every radio channel (talkgroup) in use. | Yes | No |
| 16. Every communication from interior crews was heard the first time transmitted. | Yes | No |
| 17. There was adequate staffing to carry out the strategy safely and effectively. | Yes | No |
| 18. As fire conditions changed, so did the strategy and tactics. | Yes | No |
| 19. Progress reports were clear, concise, accurate, timely and informative. | Yes | No |
| 20. There were no conflicting orders or conflicting tactics. | Yes | No |
| 21. Organizational culture did not influence the strategy, tactics or operations. | Yes | No |
| 22. An Incident Safety Officer was assigned and performed duties appropriately. | Yes | No |
| 23. There was sufficient water (hand lines and supply lines) to accomplish the tactics. | Yes | No |
| 24. Firefighters were adequately trained to perform their assignments. | Yes | No |
| 25. Proper SOPs/SOGs were established, implemented, communicated and followed. | Yes | No |
