The Georgia Public Safety Training Center (GPSTC) in Forsyth, Georgia is pleased to announce it has received a **\$56,250.00 training grant** from the Governor's Office of Highway Safety (GOHS).

The grant will begin October 1, 2023 and run through September 30, 2024. The program will help finance the Georgia Uniform Motor Vehicle Accident Report training programs for all state and local law enforcement agencies within the state of Georgia.

This training program is designed to improve efficiency, quantity & quality of crash report data collection, as well as mitigating post-secondary crashes due to delays in gathering data during active crash investigations. This will be accomplished through a combination of online training, creating a block of instruction within existing training currently offered, creating an additional training course utilizing aerial mapping technology & training offered through the GOHS Traffic Enforcement Networks.
